Summary: A cry, a scream, an echo of pain

The Red Reign

A cry, a scream, an echo of pain

from the misery inflicted from the red bane

flying, frantic, all hope drain

as their attempts to escape are in vain

because of him we live in war

our life is nothing, but hatred and fear

our hearts in morning, though we shed no tears

the marks, and scars from your fiery sear

Is there no end

when will the true dragon ascend?

End
